

# ESC 90 EMERGENCY EXIT LIGHT Y9053WM120

Self-contained emergency exit light with 3 h battery and self-testing, emergency exit light, with a set of pictograms, 25 m viewing distance (Individually packed TWT9053WM)

The ESC 90 is an emergency exit light that combines cutting-edge technology with modern lighting design. Thanks to high quality electronics, optics and mechanical design, the luminaire has uniformly illuminated pictograms and low power consumption.

Changing the pictograms is easy and the plastic sheet slides easily into place. The ESC 90 exit light is easy to install on the ceiling or on a wall. It can be used 1 or 2 sided, with either recess or surface mounting. The ESC 90 is particularly easy and fast to install thanks to the separate mounting piece, which the power supply is also connected to.
