

SLIMSPOT LED EMERGENCY LIGHT Y9792WM

Self-contained Escap Emergency light with 1 h Super Capacitor and Lumi Test Self-testing (Individually packed TWS9792WM)

Slimspot is a recessed LED emergency light, which, thanks to its compact size and straight-line design blends seamlessly into the roof structure. The luminaires do not therefore stand out from the area's architecture.

Slimspot uses the latest LED technology and is an energy efficient emergency light. The optics have been designed in such a way, that the LED luminaire does not have a disturbing bright central point of light.
