

# TKT31 CENTRAL BATTERY SYSTEMS

TKT31 series is an easy and inexpensive solution, for when you want to supply a relatively small number of luminaires in a limited area. The series also is suitable for premises, where the central battery system can be decentralized to several independent areas.

TKT3122 has 4 output circuits.

## Technical data:

input voltage 230 VAC

output voltage main supply 24 VAC

output voltage battery supply 24 VDC

battery voltage 24 V is formed by two 12 V batteries connected in series

TKT3122 has 4 output circuits

max 20 luminaires per circuit
